

# A year of tears and tears

## Introduction

There is clearly an agenda whipping up this Swine influenza A: H1N1 media *backspin* pandem[on]ic - or panic for short - and for once there is a gathering legion of wised-up medics queuing up to expose it... but it IS vital to know that a pandemic was always on the cards for 2009 and that it IS entirely in accordance with the frequency of this year. It's something I've mentioned - and written about - before.

Vital to know? Yes, absolutely vital, because by knowing that it was inevitable causes us to ask why so...or should do. Certainties are much easier to defend against, even nullify, than are mysteries.

This year we are moving through an excruciatingly high, emotional period, a year of tears and tears - it is written in the ancient science of numbers.<sup>1</sup>

The number frequency of 2009, 29, is lunar, feminine, frequently androgynous, watery, and mysterious it draws a claiming moon and its presence brings loss of loved ones - it always does. It's a tough vibration to live through, and we all have to, but some of us are more involved than others. The frequency is multifaceted so people of this vibration are bemusing, multiple-personalities, often alone and isolated. If it appears in a name or an address, it's a vibration that is very much learning to cope and succeed on and in disparate stages and experiences - levels of society, cultures, dimensions etc. It is different and it stands out - darkly, and charismatically. Not for nothing is the extra day of the Roman Calendar's Leap Year the **29**th February; the month when the last leaping cock salmon, in a sacrificial play-out as old as time, shiver their final Piscean milt onto frigid stony river beds.

29 denotes the dark moon, betwixt realities; it is the cloak of the dark Goddess, the Cailleach, Kali, Hecate, Nephtys, the Morrigan etc, even Mary Magdalene. 29 is the number of sacrifice, a flashing scythe that reaps the harvest - so I quite expect, if the *Darkness* is given free reign to utilise the dark side 29-frequency, Halloween and Samhain tide to be devastating. Expect massive mention of Michael Jackson again at this time. (Watch Lughnasadh too, it'll be a marker - we're just in the season now as I write this, 7<sup>th</sup> August climax, and it concludes around 22nd August.)

---

<sup>1</sup> For those who are not used to the ways of this writer I should tell you that I use wordplay - a lot - and I expect readers to actually work a bit; like I've had to. I leave clues to further explorations for those who delight in mystery and imagination. In this instance the words 'tears' are pronounced and mean two different things. The title will become clear as you read the article.

In the Titanic Verses the King of the goyim was 'Tidal'. Make no mistake the dark tide that is currently crashing down upon us is being *called up*, natural sequences spun and amplified by the stygian forces of the *Darkness Invisible*.<sup>2</sup>

## Telling numbers

The late Michael Jackson, born on 29<sup>th</sup> August, was the epitome of '29' energy, and in life and death unwittingly played the role of the Olympian God Apollo, the son of Zeus.

A princess was sacrificed for Michael Jackson's 39<sup>th</sup> year - the day after his birthday US time 30<sup>th</sup> August 1997 - 39+1. She was named after the Goddess Diana who ran with wolves, whose mother Leto took wolf form. They'd met because they had to, at Wembley Stadium, **3333** days earlier, him in black her in gold, backstage during the Bad Tour on 16<sup>th</sup> July 1988 - a **777** date + 1. **7777** days from 16<sup>th</sup> July 1988 brings us to Halloween 2009 - 31<sup>st</sup> October. **4444** days back takes us to a dark moon sacrifice of a Moon Goddess in a **Parisian** moon tunnel Pont d'Alma Tunnel. **216** days later Michael's daughter 'Paris' is born on 3<sup>rd</sup> April 1998. The number 216 represents an astrological Age - **2160** years.<sup>3</sup>

Let's just run through that again:

- Diana and Michael met at Wembley on **16<sup>th</sup> July 1988** - a date that (numerologically) adds to **777** + 1 (= 22) and 33-88. Number 33 relates to siblings (twins even more) and 88 to the meeting of two powers - in this spell 'the King of Pop' and (then) the future Queen.
- **3333** days later, on 31<sup>st</sup> August 1997 (30<sup>th</sup> in London), Diana was killed.
- Halloween 2009 - 31<sup>st</sup> October is **7777** days from **16<sup>th</sup> July 1988**
- **4444** days after the sacrifice of Diana is also Halloween 2009 - 31<sup>st</sup> October
- **216** days after the Paris sacrifice Paris is born.

Number 39 equates to the Aquarian, and almost ubiquitous (these latter days) letter **M** in numerology. It relates to energy potential the point just before action - e.g. the point before crossing the threshold, a spell cast, children - the limit of

human audacity or interference. Step beyond and one is in the realm of the Gods, (or God and the other [i.e. Satan] if you are a monotheist).

In Greek mythology Apollo was the twin brother of the Goddess Artemis who was known as Diana to the Romans. Apollo was a god of music, dance, youth, medicine and prophecy but more anciently - and for longer - he was feared as **the bringer of pestilence and deadly plagues**. He was said to unleash infinite silver arrows (syringes?) upon innocents as well as his enemies - and at a whim. Even his peers on Mount Olympus came under attack. Princess Diana's maiden name, 'Spencer' means 'dispenser' - a term commonly meaning a Chemist or Pharmacist. Apollo brought war too, which helps to increasingly lead some scholars to view him as part of the Aries/Mars divinity. (Mars has a Mount Olympus too - Olympus Mons, the highest known mountain and volcano in the solar system.) Personally I associate Apollo with Saturn (Just as aspects of Diana accord with Venus, which, of course, works for both proposals).<sup>4</sup>

Wolves were the favoured sacrifice to Apollo. They are lunar creatures and as such represent it. Other appeasement rituals involved dancers dressed in military uniforms performing **ring dances**.

That Michael represented Apollo in a tragic divine rite was signalled to the versed, and contemptuously announced to the profane, immediately after his death with words emblazoned upon the Apollo Theatre in **Harlem**, New York and assiduously projected onto the screen memory, every TV all over the world:

"In Memory of Michael Jackson, **A True Apollo Legend**"

'**Harlem**' means 'Chosen One'!<sup>5</sup>

As we know Michael Jackson was supposed to start a 50 show marathon at the O2 stadium at Greenwich, London on 13<sup>th</sup> July 2009. I had mentioned this in a 6-part article and video, 'M X M & J' which I published on my website in May 2009. The title adeptly told the whole story but I never got round to outlining this because my website builder crashed. This final part (part 6) provisionally titled 'Realise' read this *surprise* comeback by Michael Jackson and fingered the connection it most certainly had to the London Olympic Games, the Mayan Calendar and the Age of Aquarius. I strongly urge you to read it.

The moment I heard that MJ was to perform at the O2 my heart told me...that they were going to kill him. What I didn't expect was that it would be before he even sang a note; I thought that it would be during. I still consider that this was the intention. Something changed. Something occurred to upset their plan

causing them to resort to another line. (Much as I suspect the start date of the London Olympics might very well change too.)

Michael's initial concert date was put back...to the 13<sup>th</sup> July, which (just accidentally you understand) happens to be **1111** days before the due London Olympic start date - 27<sup>th</sup> July 2012! You couldn't make it up. Originally the promoted date for his concert to begin was 7<sup>th</sup> July 2009, the Masonic mix of 1s and 7s, **1117** days before the due Olympic Games Opening Ceremony, instead it was the day they eulogised him. (Michael was a double 7 numerologically which is why number 7 is present in so much of his life - and death patterns.)...

...Oh, did I tell you that in ancient Greece they used to hold 'The Games of Apollo', the *Ludi Apollinares* from the 6<sup>th</sup> July to the 13<sup>th</sup> July? No? ...Well, I have now. It was Ra's birthday too. <sup>6</sup>

### **This little piggy went to mark - it**

Returning to what I wrote at the beginning of this article about the inevitable injection of swine flu into the present human environment:

The shadows of the *Darkness* that operate and facilitate its ordained systems have constructed well their pervasive Julian and Gregorian calendars, a simple yet cunningly ingenious programme affording them the means to use the natural harmonics of numbers and rhyme. In synchronising their ambitions with the characteristic frequency patterns of nature's language - numbers - in a permanently installed system that every human being has to live by ensures that everything ordained by the *Darkness* will come to pass - providing that is that human beings are *kept in the dark*, hoodwinked and ignorant of reality.

Every sorrow that has ever been unleashed upon human beings has been done in accordance with this programme and others like it. And nearly everyone believes that these things just happen when they do; no rhyme, no reason, just *man's inhumanity to man!* There's the programmed response, right there! More cameras, more laws, more shiny suits, more taxes to pay for them...down, down, down it spirals...and there's never a cure. It never stops. What does it take for people to get it, to real eyes? There is nothing beautiful about disharmony and it never pacified anything.

Ludi Apollinares: <http://ancienthistory.about.com/od/socialcustomsdailyife/g/ludiapollinares.htm>

Ra was the ancient Sun God of Egypt who the Greeks compared to Zeus.

13th July was the birthdays of Roman dictators Julius Caesar and Agricola, and the notorious magician John Dee, the date when Ruth Ellis, the last woman was hung in Britain (Her birthday was the same as John Lennon - 9th October, which is also the same date that NASA plan to bomb the moon - see later)

The answer to disease is 'ease', to disquiet - quiet, to evil - live: open the 'l' - love. Everything DOES have a silver lining, another side. The antidote for swine flu is not more disharmony, more poison in the way of vaccinations (delivered by that Saturnian snitch 'Mercury' of course).<sup>7</sup>

The answer is always present with the problem. This swine flu is only capable of becoming an encompassing pandemic because it is breeding in an environment that suits it, feeds it; an unseen environment, one that is emotional rather than physical. It is a manufactured environment of darkness, distraction, of sustained programmed ignorant fear. A fear that con-jures an incredible mass belief in authorities despite their despicable track record of inhuman atrocities. Ever since they were first introduced human beings everywhere have been laid waste by vaccination programmes that have used the very same excuses. Check it out for yourself if you doubt this - the evidence is prolific. Physical remedies will never cure emotional ills. Vaccinations will never get rid of diseases. Diseases, like everything else, are frequencies and they can only disappear when the circumstances that nourish them vanish otherwise they just continuously mutate according to prevailing conditions.

### Min-ed the gap

First came the shattering news that NASA would, on the **18<sup>th</sup>** June, be sending a **Centaur** rocket to rip open the moon. Using the same cover story as Norway and Japan do to slaughter whales - *scientific research* - no mention is made by this blatantly occult inspired organisation that the whole shebang is in truth a massive sacrificial rite to their hero **Apollo**. It is a story long written in the stars, the constellations, bearing the scene of the **Centaur** driving (injecting?) his long sharp spear through the wild **wolf** Lupus for a sacrifice to Apollo.

In case you didn't get it:

NASA has physically despatched a **Centaur** rocket (read spear - or needle) to pierce, tear open the moon (the wolf **Lupus**) and timed the re-enactment exercise to coincide with the 40<sup>th</sup> anniversary of their Apollonian 'cry wolf' heresy.

Tarot card number **18** is the Moon which bears a scene that includes a wolf and a dog. Michael 'Moonwalker' Jackson was already in the news; and then began the incessant haranguing by the media who were charged with making sure that we had noticed that the 40<sup>th</sup> anniversary of their first mind-trick **Apollo** moon landing was almost upon us. It was a calculated long-employed training track

Vaccination - from the Latin , vacca, meaning cow; that's the Hebrew and Masonic term 'goyim' according to some. How interesting that in one of the secret society languages of choice - Hebrew - the word 'ham' and goyim' mean basically the same thing - plebs!)

device to subliminally attune us to the fact that we were in the 39<sup>th</sup> anniversary year of it. We were at the door of something immense. Soon after the tragic eclipse of 'the Moonwalker', on the feast day of Mary Magdalene no less, the 910<sup>th</sup> anniversary of the First Crusade and the fourth anniversary of the Olympian sacrifice of Jean Charles de Menezes, the moon eclipsed the sun in the longest such event in a century that was best observed from Lunar integrated cultures like China.<sup>8</sup>

The moon, the star of these stories unfolding during the cusp and proper of Cancer - the moon's sign - has always represented the mind and emotions. Funny that!

They tell us but we don't listen. It is all a mind fuck. We are being played like Pisces. You don't have to listen to them. Look to the positive, the positive side of the frequency of number 29 not the negative 29 environment that this swine flu flaps about in.

Positively 29 calls for care, abounding love, resolve, a spiritual perspective, the understanding of forever, differentness, selflessness, giving and devotion.

I said earlier that 29 always brings loss of loved ones and that's true but only because we do not comprehend the reality of eternity. In this truth is the wisdom that we are all one and that there is no such thing as loss only a 'see you later'.

Instead of a pandemic of flu give me a panorama of Love.

On July 16 2186 - it's that date again (I'll be 234-years-old on that day) there will be a near perfect solar eclipse lasting 7 minutes and 29 seconds (and those numbers again). This is a clue to their long-term planning.
